About College:

Modi institute of Technology was founded by Late Dr. R.N. Modi in the year 2001 to offer B.Tech. degree course in the most relevant reas of technology viz. Electronics and Communication Engineering, Computer Engineering, Information Technology and Electrical Engineering. Mechanical Engineering, Electrical & Electronics Engineering and M.Tech in Digital Communications. The goal of this institution, as it should be for any educational institute, has been to fulfil the aspirations of the society and the global need of skilled technical manpower in respect of prevailing contemporary scenario. During the tenure of one decade, MIT has established itself on a firm footing to assure the society for its transcendence to a glorious leading national technical institute in this region of Rajasthan. MIT has demonstrated the evidence of perennial effort for merit and quality as it has been placing more than 100 students each year. The Institute has developed in leaps and bounds in terms of infra structural facilities and human resources not only to fulfil the requirements of the current technological status but also to establish itself as a teaching and research centre for foreseeable future and process. Founded under the doctrine of dedication, discipline, perseverance and honesty, the Institute aspires to bloom with its fragrance of glory spreading in the Nation omni directionally. At this juncture, it is befitting to congratulate each and every faculty, technical staff and student of the Institute for seeking a place in this Institution and appeal for concerted efforts to glorify the almamater.

Aim of Conference

The International Conference aims to bring together the researchers, scientists, engineers and scholar students from all eras of 1 Engineering and Technology, Science, Management and Humanities and provides an international forum for the dissemination of original research results, new ideas and practical development experiences which concentrate on both theory as well as practicals. The conference will focus on the frontier topics in the Engineering, Technology, Science, management and Humanities..
