## About us

The Om Welfare Society was founded in the year 2007. As a responsible citizen, founders of the trust, right from the beginning firmly believed that quality education will result in the overall growth of the region. The small but visionary efforts of the founders have now turned this area into Oasis of learning spread over 30 acres.

The Om Welfare Society with an objective to have come up with the Om Group of Institutions (OGI), founded in year 2008, has grown to become one of the best education groups in Haryana and has built a reputation for Excellence in the Professional Education. A brainchild of renowned doctor and educationist, Dr. Puneet Goyal, Chairman Om Group of Institutions, now encompass a group of vibrant, world class institutions. The leadership role that Om group of Institutions continues to play stems primarily from our inherent belief that in order to impact and deliver quality education, an institution needs to differentiate itself through innovation. OGI is an excellent integrated educational hub blended with a strong intent of matching the changing paradigms of the education fraternity globally.

The OGI offers close to different institutes namely Om Institute of Technology and Management in the year 2008 on the educational horizon of city, Hissar. Om Institute of Architecture & Design was established in the year 2010. Om Institute of Polytechnic was introduced in the year 2011.

## Aim & Scope

This conference provides an international forum for researchers, developers and solutions to exchange their valuable ideas and showcase the ongoing works which may lead to path breaking foundation of the futuristic engineering. The aim of this conference is to bring together the academicians, scientists, engineers and manufacturers from various institutions, universities, colleges and industry to discuss the relevance of various futuristic technologies emerging in this area throughout the world.
